RE: Failure to File Application to
Commence Mining Operations
Firefly Mine

ACT/037/002
San Juan County, Utah

Dear Mr. Shumway:

Upon searching our files, it has come to this Division's attention that you apparently have not responded to our letter dated July 10, 1981, requesting that W.K. Enterprises file a mining application or a Declaration of Exemption (D.O.E.) for the Firefly Mine.

We have also received notice from the Utah State Department of Health that you have not responded to their June, 1981, letter asking for plans to improve the water quality discharge from the Firefly Mine and that they have since analyzed another water sample which indicates exceedance of State Water Quality Standards for this type of discharge.

This Division must be notified within ten (10) days of receipt of this registered letter of W.K. Enterprises intentions. If we have not heard from company representatives within this time frame, the Division may have no alternative but to issue a temporary Cessation Order and require W.K. Enterprises to appear before the Board of Oil, Gas and Mining at the next scheduled Board Hearing in Salt Lake City to present justification why the company has failed to comply with the Utah Mined Land Reclamation Act.

If you have any questions please call me or D. Wayne Hedberg of my staff.

Sincerely,

James W. Smith, Jr.

JAMES W. SMITH, JR.
